Changes and Freezing a Membership

Any membership changes including draft date, billing changes and member information changes must be done in writing at the welcome center. A membership change requires (30) days to make changes effective. Any changes that increase the month dues that are owed will require a pro-rated fee to be collected at the time of the change.

Should you need to freeze your membership (30) thirty days notice is required along with written notification at the Welcome Center. A membership can be put on a freeze at no charge if the freeze request is accompanied by a doctors note. All other freezes require a $10.00 a month charge in place of the month membership fee. This charge can either be drafted out of your account or will be required to be paid in full at the time of the freeze. There is a six month maximum, either continuous or accrued, per year for all freezes. All memberships will automatically resume their draft at the end of the designated freeze. This policy excludes pay in full and scholarship memberships, which at no time can be put on a freeze during the duration of the membership.
