BETTER CHANGES FOR A GREATER EXPERIENCE

Secondary Sanitation System Installed

We have installed Clear Comfort to keep you healthier, happier and more comfortable when using our indoor pool. Clear Comfort reduces exposure to toxic chemicals. Inspired by nature, Clear Comfort's technology produces powerful hydroxyl radicals that destroy contaminants on contact and eliminate the harmful disinfection byproducts created during chlorine sanitation.

Benefits of the new system!

- Limits eye and skin irritation
- Lessen risk of allergies and asthma
- Reduce chemical exposure
- Softer, silkier water
- Limited chemical odor
